## Environmental protections

In the National Planning Policy Framework, the *natural and historic environment* is acknowledged to be an essential component of *sustainable development*; as such it carries equal weight in a balance against social and economic growth, including new development.

This section identifies land and features of environmental significance in Medbourne. It includes policies to protect the best from loss or damage by allocating them to categories, as follows, based on their type, importance, function (as community assets, for example) and intrinsic value.

### SUMMARY OF ENVIRONMENTAL PROTECTIONS PROVIDED BY THE PLAN

	Weight	Selection	Protection	Notes
<b>Local Green Space (LGS)</b>	Statutory	NPPF criteria (see below) applied locally.  Highest environmental importance in the Plan Area	Full protection of the site and its features 'other than in exceptional circumstances'	No other obligations or burdens on landowner.  No new public rights (e.g. access) are conferred  Policy ENV 1
<b>Statutory Listed Building</b>	Statutory	English legislation  National significance  Age, rarity, aesthetic merit, best of type	Demolition, extension, alteration require 'special permission' from HDC.  The 'setting' of the feature will also be considered if affected by development nearby	Already protected – no Policy needed in the Plan
<b>Other site of environmental or historic significance</b>	Non-statutory, but in compliance with English and EU regulations / directives	National, county and district designations (existing) for biodiversity and /or history  Sites not eligible for LGS designation but	The sites, significant historic features, habitats and species should be taken into account if development or change of use is planned;	No new public rights (e.g. access) are conferred  Policy ENV 2

<b>Important Open Space</b> (‘Open Space, Sport & Recreation’ sites, OSSR)	Non-statutory	NPPF and HDC criteria and guidance ‘all open space of public value’ in 9 categories (HDC) Sites not eligible for LGS designation but with demonstrable high community value in the Plan Area. (Some LGS may also be OSSR)	Presumption against redevelopment or loss of value May also be protected by public ownership or covenant	Includes all sites identified by HDC as OSSR, and additional sites identified in the Plan’s environmental inventory No other obligations or burdens on landowner No new public rights (e.g. access) are conferred Policy ENV 3
<b>Wildlife corridor</b>	Non-statutory	NPPF paragraph 117, etc., and conservation good practice. Broadly linear features identified in the environmental inventory for their biodiversity value and for providing connectivity between habitats and species in the Plan Area	Should be taken into account if development or change of use is planned; presumption against harm or destruction	No other obligations or burdens on landowner No new public rights (e.g. access) are conferred Policy ENV 8
<b>‘Local List’</b>	Non-statutory	NPPF paragraph 17. Identified in the environmental inventory and through	Notification as non-designated heritage assets. Advisory on owners, community and	Less proscriptive than statutory Listing. No other obligations or

<b>Ridge and furrow</b>	Non-statutory	NPPF paragraph 135. Historic England encourages LPAs and Neighbourhood Plans to treat sites with ridge and furrow as non-designated heritage assets	Notification as non-designated heritage assets. Advisory on landowners, farmers, community and HDC No other obligations or burdens on landowner, although sites receiving DEFRA subsidy as ridge and furrow will be protected for the lifetime of the agreement. No new public rights (e.g. access) are conferred Policy ENV 6
<b>View</b>	Non-statutory	Identified in inventory, through community consultation and fieldwork	Recognition, and notification to HDC to identify zones in which careful consideration should be given to regulations (e.g. permitted development in open countryside) Policy ENV 7
